### Research Experience/Completed Research Projects

- **Postdoctoral Research Associate, 2021 – 2023**

P20GM130414 (PI: Monti), a NIH funded Center of Biomedical Research Excellence (COBRE).

The world-renowned training program at the Center for Alcohol and Addiction Studies at Brown University School of Public Health focuses in an innovative approach in addictions research with a focus in dissemination, implementation strategies, and public education. Under the mentorship of Dr. Ahluwalia, I have been conducting research in tobacco and nicotine studies and gaining a hands-on training in conducting an RCT, Tri-PEC, that intervenes in low-socioeconomic (SES) adults who use cigarettes and having them switch to e-cigarettes, nicotine pouches, or smoke as usual.

- **Postdoctoral Research Fellow, 2020 – 2021**

NIH/NHLBI T32 #5T32HL007034 (PI: Gardner)

The training program at the Stanford Prevention Research Center at Stanford University, School of Medicine focuses on an interdisciplinary and innovative approach in assessing population health disparities and conducting interventions that address the prevention of cardiovascular diseases. Under the mentorship of Drs. Prochaska and King, I learned about substance use and cardiovascular disease interventions using mHealth technology.
