Current Funded Research (Principal Investigator & Co-Investigator):

Co-Investigator & Senior Advisor on Community Engaged and Participatory Research
UMass (NYU Sub) NIDILRR (MPI: Sabella & Thomas) 2023-2028
The UMass Chan and Temple Collaborative Rehabilitation Research and Training Center
(RRTC) on Community Living and Participation among Transition Age Youth (TAY) with Serious
Mental Health Conditions from Disadvantaged Backgrounds (\$4.375 million, 12.5% FTE)

Center Goal: The UMass Chan & Temple RRTC serves as a national leader in state-of-the-art research and knowledge translation activities to significantly advance community living and participation outcomes among transition age youth (TAY) with serious mental health conditions from disadvantaged, vulnerable, and marginalized backgrounds.

Center Objectives: This goal will be achieved through three objectives: 1) generate new knowledge regarding developmentally appropriate interventions to promote participation; 2) generate new knowledge about system and policy issues affecting community living and participation; and 3) provide training, dissemination, and technical assistance activities to TAY and other key stakeholders.

Co-Investigator, NYU Marron Institute, US Department of State (PI: Dank) 2023-2027
Future-proofing LGBT+ livelihoods to reduce trafficking in Thailand (\$4 million, 2.5% FTE)

This study will develop and test innovative counter trafficking intervention activities for LGBT+ people vulnerable to sex trafficking in Thailand.

Principal Investigator, Kenworthy-Swift Foundation 2023-2025
Photovoice for Change (P4C) (\$25,000)

In partnership with youth at Children’s Village and an alumni advisory board from CASA-NYC, the leadership team developed the program and protocols for Photovoice for Change, a trauma-informed expressive arts program for youth involved with the child welfare system.

Current Funded Research (Principal Investigator & Co-Investigator):

Co-Investigator, U of H (NYU Sub), R34MH129542 NIMH (PI: Narendorf) 2022-2025
Adaptation of Critical Time Intervention (CTI) for Young Adults with Mental Health Challenges in the Transition from Homelessness to Housing (\$697,094, 5% FTE)

This project will use intervention development methods to integrate Critical Time Intervention and Cornerstone Coordinated Community Care for young adults transitioning from homelessness to Rapid Rehousing and test the feasibility, acceptability and impact of the newly refined ChargeUp! program. Our team is co-led by researchers, community partners and a youth advisory board (YAB).

Co-Investigator, NYU, R01DA054081 NIDA (MPI: Gwadz & Wilton) 2021-2025
Advancing knowledge on factors that impact engagement on the HIV care continuum: A longitudinal mixed methods study of Black & Latinx emerging adults (\$2.8 million, 5% FTE)

The purpose of this longitudinal study is to build understanding of the factors that promote/impede HIV management among Black & Latinx adolescents and emerging adults living w/ HIV. Results will be utilized to develop engagement intervention strategies for these young people
