

**NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM INITIAL REVIEW GROUP
CLINICAL, TREATMENT AND HEALTH SERVICES RESEARCH REVIEW SUBCOMMITTEE (AA-3)**

The Clinical, Treatment and Health Services Research Review Subcommittee reviews research grant applications that focus on the process, outcome, evaluation and clinical assessment of treatment for alcoholism, alcohol abuse and alcohol-related disorders. The subcommittee specifically reviews research on the clinical and behavioral aspects of pharmacological issues, early and brief interventions, consumption measurements, methodology and experimental designs, clinical populations, diagnostic procedures, therapy assessments, primary care, co-morbidity, behavioral and molecular genetics, and cognitive and neurological issues. Assignments to this Subcommittee also include grant applications, which examine the effectiveness of treatment as they are implemented in everyday practice settings, and investigate how organizational and financial factors affect accessibility, utilization, quality, costs, and outcomes of alcohol services.
